

# Bice Information Technologies Capability Statement

## *Bice Information Technologies, LLC*

Bice Information Technologies, LLC, is a small, woman-owned business.

Bice IT is a service provider, primarily supporting government customers. Services available include developing solutions, server and application consolidation, efficiency optimization through process improvement, document and briefing preparation, public speaking, meeting planning, and many other services within the technology sector.

### ***Core Competencies***

- Project Management
- Design and Implement Solutions, using Emerging Technologies
- Exchange, Activity Directory, and VMWare Specialists
- Engineering IT Solutions
- Architecting IT Solutions
- Technical Writing
- Business Processes

### ***Corporate Data***

In business since 2009.

Have held project-based contracts in corporate America.

Looking to partner with government contractors and gain small business experience and growth.

### ***Differentiators***

We have spent our corporate careers working with the government in multiple, technical and project management capacities. We have worked with the Departments of Energy, Army, Navy, and Defense. We offer superior IT engineering. We reduce government costs, by leveraging emerging technologies and best practices.

#### **Exemplary Corporate Achievements:**

- Reduced operational expenses for personnel hired to maintain the U.S. Army Europe (USAREUR) Active Directory infrastructure from \$6M to \$600K annually.
- Reduced infrastructure and facilities costs of datacenters by leveraging virtualization technologies and consolidation of services without disrupting operational missions.

### ***Past Performance***

As a startup business, the contracts we have worked on include:

- Designing and implementing Active Directory infrastructures for Lamar University in Beaumont, Texas.
- Writing documentation and reviewing processes for a cloud computing application on Salesforce.com.
- Researching and writing winning proposals for a government contracting company in D.C. area.

As individuals, we have career experience in IT government contracting for 15+ years.

**Providing excellence, efficiency, superiority, and bottom-line savings.**
